Список публикацией за 2009 год:

1. Принята к печати: O. Fedin, Reconstruction and identification of photons and electrons with the ATLAS detector, The Proceedings of the TIPP09 International Conference will be published in Nuclear Instrumentations and Methods in Physics Research, Section A (NIMA), 2009; published as ATLAS note ATL-COM-PHYS-2009-168.
2. E.Abat *et al.* «Study of the response of the ATLAS central calorimeter to pions of energies from 3 to 9 GeV», Nucl.Instrum.Meth.A607:372-386,2009.
3. Принята к печати: V. Schegelsky, The difficult choice of the best jet algorithm, The Proceedings of the Hadron Structure-09 International Conference will be published in Nuclear Physics B.
4. M.V.Chizov *et al.*, Search for spin-1 excited bosons with ATLAS, ATL-COM-PHYS-2009-609, 2009.
